

Dear Parents/Guardians,

Students will have the ability to continue learning with the use of online capabilities. Students in grades 2-12 have the ability to utilize Google Classroom and the Google Apps for Education to continue their learning. If you do not have internet access at home, the use of Internet Hotspots can be beneficial to provide internet access for students and their Chromebooks. Below are directions for turning your cell phone into a personal internet hotspot.

***Additional charges may apply, please check with your wireless carrier. The Heard County School System is not responsible for acquired charges.**

Apple Device Directions

Navigate to Settings: **Personal Hotspot**: Enable Personal **Hotspot**: Choose to Configure Wi-Fi hotspot with a password for your **hotspot**.

Android Device Directions

Settings: Connections: Mobile Hotspot and Tethering: Enable Hotspot: Enable Bluetooth Tethering
